Kaspars Bariss

Go away, winter!

Go away, cold winter,

Spring is here now,

Frost is already moving north,

Summer heat is coming from the south.

Jesus Christ is risen

In heaven in the new covenant,

Joseph and Mary will be heartbroken

Feel the suffering of Jesus.

What should I do in spring?

Shoot insects and spiders?

Cobra, a chemical spray,

Will poison you and your fellow humans.

Snowdrops in early spring,

Buds are growing on the trees,

Buds, buds,

The messengers of spring are here

We will eat at Easter,

Eggs with salt.
